LEASEPROCESS

EQUIPMENT LEASING & FINANCING SOLUTIONS

The Benefits of Leasing

- 1. Use of Equipment - Leasing provides you with the equipment for an agreed upon monthly payment, so you're able to pay as you use!**
- 2. Tax Benefits - You can deduct your monthly lease payment as an operating expense. Leasing also helps you avoid the Alternative Minimum Tax by reducing you AMT liability.**
- 3. Flexibility - Minimal down payment. You can structure payments to fit your budget.**
- 4. 100% Cost Coverage - You can include "soft" costs such as space planning & design fees, shipping and installation right into the lease.**
- 5. Conservation of Capital – If your money isn't tied up in equipment costs, you're free to spend it on other items such as inventory, advertising or personnel.**
- 6. Easier Cash Flow Forecasting – Fixed monthly payments help you budget money into the future.**
- 7. Fixed Payments – You can lock-in payments now and avoid the risk of inflation in the future.**
- 8. Preserves Credit – Leasing doesn't tie up your line of credit. So you have more capital at your disposal when you need it!**
- 9. Longer Terms – Many banks only lend money short term – usually 12 to 36 months, while Leasing lets you extend your term up to 60 months.**
- 10. Purchase or Renewal Options – at the end of your lease, you may choose to purchase your equipment, upgrade to new equipment or continue to lease at substantial savings.**

LEASEPROCESS

All you need to know about leasing
